Testimonials

"Attending Symposium is a relatively inexpensive way to have access to LOTS of teachers you will not see anywhere else and all in one place and close to home in North Carolina! Every time I go, I learn new things. Sometimes it relates to a specific project but usually what I learn is a technique that can be applied to a later project, or that will generally improve my quilting skills. This is really what Symposium is about. But it is so much more. You will connect with old friends from across the state (and surrounding states too!) and make new ones. Most of these people I only see at Symposium, and that makes it so much more special. You will have time to visit and get to know each other and of course shop and EAT! Do yourself a favor and attend a Symposium!! You will not regret it!!"

"I had the most incredible time at the last Symposium. My class was wonderful, my instructor was the best. I would highly recommend attending this year's Symposium."
