

Smoky Mountain Quilt Guild

4-hr class will be taught **free of charge** by Nancy Sapin, Freelance National Educator representing Sulky of America, with the purchase of a complete kit costing \$25.

"Come Fly With Me" a free-motion butterfly travel tray

Learn free-motion stitching by transferring an outline design using a stabilizer. We will assemble a skillfully designed snap travel tray while learning to add borders that are all the same size, and how to use the proper stabilizer and batting for maximum results. A fused binding is quick and easy on this project. Setting snaps is a snap, and then it's time for free-motion fun. The butterfly outline is perfect for expressing yourself. We will explore variety of quilting stitches and zentangle doodle designs, however, you can finish your butterfly at home with painting, or a multitude of artistic expressions. We will also discuss many different ways to make and finish these travel trays which would be great bizarre projects.

Kit includes:

- All fabrics
- Steam-a-Seam2
- fusible flannel
- all Stabilizers needed for project
- (1) 30 wt Sulky Blendables or solid thread
- (1) 60 wt Sulky PolyLite thread to match back fabric (for bobbin and piecing)
- (4) sets of snaps
- snap template
- Directions
- Paper Butterfly pattern

Snap setters, blocks and hammers to set snaps will be also be available.
