

Smoky Mountain Quilters Guild

2016 Quilt Show Boutique Challenge
November 2015

The November Challenge Project – just in time for Thanksgiving - is to create a casserole carrier. This is a great Boutique item, but imagine how clever you will look at your next workshop or bee presenting your favorite yummy dish to share in your oh-so-beautiful, knock-your-socks-off, my-recipe-is-better-than-your-recipe-but-I-kindly-won't-mention-it, insulated, best-dish-ever, customized casserole carrier!

PDF Patterns and illustrated, detailed instructions are attached. For an extra WOW factor, why not add an embroidery design or use an orphan block or two to decorate your carrier?!? Now THAT's class!

As an extra challenge for you over-achievers out there (you know who you are!) – Why not make a complete SET – casserole carrier, hot pads, kitchen towels and a funky apron with HOT PAD pockets???

Attached are pdf files with instructions for:

- Round Casserole Carrier
- Dowel-handled Casserole Carrier
- Fabric-handled Casserole Carrier
- Mod Kitchen Set

Create some great kitchen bling with these great designs!

As always, thanks for your help in making the 2016 SMQG Quilt Show Boutique a tremendous success!
